

Player of the Year: **Danielle Cervantes, Campbell**

Whenever asked about Danielle Cervantes' success, the first thing Campbell coach Shag Hermosura would say is "she's a hard worker."

The work the Sabers' junior right-handed pitcher put in leading up to and during the season has culminated into her being picked as ScoringLive's All-Hawaii Player of the Year.

Cervantes was 11-0 with a Division I-leading earned run average of 1.18. In only 77 1/3 innings pitched, she was second among D1 pitchers with 104 strikeouts.

"She just wanted the ball," Hermosura said. "This year, Dani worked extra harder. We gave her the ball in certain games and see how'd she come out. She proved to me that she's coming around. She was humble about it."

Hermosura said he saw the signs of Cervantes' emergence. She began asking him questions about pitching. She put in quality work in the weight room. The team would do circuit training with 23 stations.

"Thirty seconds would go by and she would do extra, five, six, seven more reps," Hermosura said. "She did all the things I wanted her to do on her own. Weight room time, she's just an animal. She worked really hard."

Pitchers threw 180-pitch bullpen sessions during the season and then run three miles. She needed no prodding, Hermosura said.

"She wants to get to the next level," Hermosura said. "She wants to go to a D1 (program). No matter what level she goes, she's going to make a big statement for that program."

Kapolei coach Tony Saffery concurs.

"The kid's an awesome pitcher," Saffery said. "She's going to be a good collegiate athlete, I think. She hits spots really well and she hits it with authority."

Coach of the Year: **Tony Saffery, Kapolei**

Saffery is the Coach of the Year. He guided Kapolei to its first Oahu Interscholastic Association title since the Hurricanes won back-to-back crowns in 2004 and 2005. His Hurricanes finished as state runners-up.

"I'll be honest," Hermosura said of Saffery. "Every time I play him, everybody knows that Tony is my Krytonite. You really have to play your 'A' game when you play his club. His club will do the fundamentals and will do the fundamentals well. There's no fancy stuff. They just work hard."

Hermosura also was considered for the honor.
